CITY OF MARTINEZ **CITY COUNCIL AGENDA**
June 19, 2013

TO: Mayor and City Council

FROM: Tim Tucker, City Engineer

SUBJECT: Levying Assessment for Landscaping and Lighting Assessment District 1988-1, the Center Martinez

DATE: June 9, 2013

RECOMMENDATION:

Conduct a public hearing and approve the Engineer's Report, and the assessment for 2013-14.

BACKGROUND:

The date for this public hearing was set for June 19, 2013 by resolution at the Council meeting of May 15, 2013. The required notices for this hearing date have been published. State law provides that the hearing shall be conducted prior to August 10, 2013, unless another date is set by the County Auditor.

The assessments in this district provide for landscape maintenance costs including irrigation, water, and weed abatement. Energy costs for street lighting are not included in this district. The funds collected will be used only within the boundaries of this district, and any deficit or surplus left in the account will be carried over to next year's budget accounts.

The assessments for the prior fiscal year for this district were $5,650.00. There are not any proposed district boundary changes, new improvements or substantial changes. The proposed assessments for Fiscal Year 2013-14 will be $5,650.00.

The budgeted General Fund contribution of $4,000 has increased $1,000 for fiscal year 2013-14. This General Fund contribution will avoid running the district into a negative fund balance. Staff will be writing the owners within the District describing a need to increase the Assessment in future years to cover increased costs. Should they agree, an election in accordance with Proposition 213 will be required.

FISCAL IMPACT:

The Engineer's Report for this assessment district does includes a $4,000 general fund contribution. If the assessment is not levied, alternate funding sources will need to be identified to pay for these annual maintenance costs.

ACTION:

Landscaping and Lighting Assessment District 1988-1, the Center Martinez and approve the following:

A. Motion ordering any changes in improvements, report, diagram, or assessments.
B. Resolution approving the Engineer's Report, and confirming the district diagram and assessments for the 2013-14 Fiscal Year.
C. Resolution overruling protests (if required, must be adopted by 4/5 vote).
