**DISCUSSION:**

- 1. *Waterfront Park*** – The Council recently held a workshop and approved the schematic plan for Waterfront Park. The project will provide additional parking, new fields with lights, new picnic areas and renovate the events meadow. Construction is anticipated to begin in the fall and last through next summer.
- 2. *Susan Street and Mt. View Park Parks*** – Design of Susan Street and Mt. View Parks is complete. The projects will be advertised over the next four weeks. It is anticipated the Council will issue a construction contract in March. Susana Street Park will be substantially completed by the beginning of August while Mt. View Park construction will be held off until late June to avoid conflicts with little league.
- 3. *Hidden Lakes Soccer Field*** – Staff is circulating a Request for Qualification to engineering and landscape architect firms for the design of the artificial turf multi use field at Hidden Lakes. The current field does not stand up to the heavy use. The project may be expanded to augment the new play equipment with an area for swings and/or slides along with two bocce courts.
