TO: Parks, Recreation, Marina and Cultural Commission

FROM: Michael Chandler, Assistant to the City Manager

SUBJECT: Recycling in City Parks and Downtown Update

The City has made progress modifying the 25 blue recycling bins received through the competitive CalRecycle Beverage Container Grant to help prevent illegal scavenging of the contents. The bins are in process of being installed in the downtown core at numerous locations to create recycling stations. The City is still engaged in talks with the Sea Scouts to become the authorized and contracted collector of the recyclables, both in the five parks where new receptacles were installed last year and in the downtown area.

Staff will provide a verbal update of the ongoing progress, challenges and future plans for this project at the meeting.
