

**CITY OF MARTINEZ
PARK, RECREATION, MARINA & CULTURAL COMMISSION AGENDA**

AGENDA DATE: August 15, 2016
TO: PRMCC
FROM: Tim Tucker
SUBJECT: Measure H Update

RECOMMENDATION:

Accept report.

Hidden Lakes Soccer Field:

Construction began on April 11, 2016 and is progressing on schedule. The project is substantially complete. The field should be available for use by September 1, 2016. The field infill material will include a layer of virgin rubber Nike Blend. This material is similar in color to the cool play surface. Because of the high demand for the cool play topping the material is back ordered and will be installed at the end of September. This will not affect the play, safety or warranty of the field.

Recreation Staff will coordinate a ribbon cutting in early October.

Waterfront Park:

The Consultant is currently completing the CEQA portion of the project. The Project is being reviewed by East Bay Regional Park District Staff. The Joint Shoreline Committee will likely be reviewed by the project in September. It is planned to bid the project in January of 2017.

Contra Costa County Staff has indicated our preliminary grant application for the installation of the tot restroom is constant with their guidelines. Staff will look at the possibility of adding other tot lot improvements to the application.
