To whom it may concern,

My name is Saber Ogden, i live at 172 Nardi lane in Martinez.

My question is, "how do i voice my opinion on the issue of a dirt B.M.X. riding area?" I have to drive to either San Ramon, or to Livermoor, to take my 4 year old dirt bicycling because the bmx/skate area we have at the marina is to dangerous in my opinion.

The cost of fuel and the wasted time driving back and forth to Livermoor is more then enough reason to ask the City Of Martinez to step-up and give our residents a dirt riding area.As a long time dirt rider,willing to help, i feel it is important,and beneficial for children and parents to have the option of "Dirt" riding as well as cement "Vert" riding in the city of Martinez.

My idea is Very simple, put the dirt jumps right next to the skate park in the dirt parking area, no need to be vast, just up and down lumps of dirt and turns so the kids can have fun with less risk of injury.

dirt is softer then cement ,okay i've spoken.

regards,

Saber Ogden
