

**CITY OF MARTINEZ**

**PARK, RECREATION, MARINA & CULTURAL COMMISSION AGENDA**

**June 15, 2010**

**TO:** Chairperson and Commissioners  
**FROM:** Tim Tucker, City Engineer  
**SUBJECT:** Playground Subcommittee update

**RECOMMENDATION:**

Accept report.

**BACKGROUND:**

Last month a detailed report was provided the Commission on all the Park projects. This past month the Subcommittee has met with both Rankin Park and Holliday Highlands park designers. Some of the highlights over this last month include:

1. The subcommittee continues to refine the designs.
2. The Rankin Park designer is working closely with engineering staff transforming the schematic layouts to engineered drawings.
3. Engineering staff is also developing AutoCAD standard drawings needed for the construction level design.
4. Park Maintenance staff has met with Engineering staff and the Rankin Park designer to review landscaping and maintenance vehicle access.
5. The Fire Protection District has approved the layout of Rankin Park and provided locations for Fire hydrants.
6. A contract has been finalized to provide surveying services for park projects.
7. Additional field surveying has been completed at both Rankin Park and Tavan Field to facilitate the development of construction level plans.

Within the next two weeks the Rankin Park layout will be reviewed by an ADA consultant for conformance to federal access requirements.
