

CITY OF MARTINEZ

**CITY COUNCIL AGENDA
February 2, 2011**

TO: Mayor and City Council
FROM: Tim Tucker, City Engineer
SUBJECT: Engineer's Report for Lighting and Landscape Assessment Districts
DATE: January 25, 2011

RECOMMENDATION:

Authorize the City Engineer to prepare the Engineer's Report for each of the eight existing Lighting and Landscape Assessment Districts.

BACKGROUND:

The Landscaping and Lighting Act of 1972 was incorporated into the Martinez Municipal Code under Section 13.29.010 on March 18, 1981. This allows the City to form assessment districts for the purpose of maintaining landscaping and lighting facilities over public rights-of-way, easements and properties.

Each year in which an assessment is to be levied an Engineer's Report must be filed for each district. The amount of the assessment and its use will be determined in the report. The funds collected can only be used within the boundaries of the district. Any deficit or surplus left in the account from prior years will be carried over and included in the Engineer's Report and may impact the assessments.

There is a three step process for renewing the assessment in existing assessment districts. Authorizing the preparation of an Engineers Report is the first of those steps. Once the Report is completed and necessary assessment levels are determined the Council will be requested to set a public hearing. At the Public Hearing, the third step, the Council will listen to any protests and make a final decision on the assessment amount.

FISCAL IMPACT:

None at this time. There are funds available in the various district budgets to cover the cost of preparing the Engineer's Report.

ACTION:

Adopt resolutions directing the City Engineer to prepare the Engineer Reports and Assessment Diagrams for the following Landscaping and Lighting Assessment Districts:

- a. 1979-3 (LL-2) (Village Oaks Terrace) for Fiscal Year 2011-12.
- b. 1981-3 (Muir Station Park) for Fiscal Year 2011-12.
- c. 1983-3 (Vista Oaks) for Fiscal Year 2011-12.
- d. 1988-1 (Center Martinez) for Fiscal Year 2011-12.
- e. 1994-1 (Creekside) for Fiscal Year 2011-12.
- f. 1997-1 (Brittany Hills) for Fiscal Year 2011-12.
- g. 2000-2 (Terra Vista) for Fiscal Year 2011-12.
- h. 2001-1 (Alhambra Estates) for Fiscal Year 2011-12.

NOW, THEREFORE, BE IT RESOLVED that the improvements to be constructed or installed, including the maintenance or servicing, or both, thereof, of public landscaping, including trees, shrubs, grass or other desired vegetation and the irrigation system therefore.

BE IT FURTHER RESOLVED that the costs and expenses of said improvements, including the maintenance or servicing, or both, thereof, are to be made chargeable upon said District, the exterior boundaries of which District are the composite and consolidated area as more particularly shown on a map thereof on file in the office of the City Clerk of the City of Martinez to which reference is hereby made for further particulars. Said map indicates by a boundary line the extent of the territory included in said District and of any zone thereof and shall govern for all details as to the extent of the assessment district.

BE IT FURTHER RESOLVED that the duties of "Engineer" as defined in Section 22523 of the Streets and Highways Code relative to this assessment district are hereby empowered to be performed by a Registered Civil Engineer as designated by and under the direction of the City Manager.

BE IT FURTHER RESOLVED that the designated Engineer of said City be, and is hereby directed to prepare and file with said Clerk a report, in writing, referring to the assessment district by its distinctive designation, specifying the Fiscal Year to which the report applies, and, with respect to that year, presenting the following:

- a) Plans and specifications for proposed new improvements, if any, to be made within the assessment district or within any zone thereof;
- b) An estimate of the costs of said proposed new improvements, if any, to be made, the costs of maintenance or servicing, or both, thereof, and of any existing improvements, together with the incidental expenses in connection therewith;
- c) A diagram showing the exterior boundaries of the assessment district and of any zones within said district and the lines and dimensions of each lot or parcel of land within the district as such lot or parcel of land is shown on the County Assessor's map for the Fiscal Year to which the report applies, each of which lots or parcels of land shall be identified by a distinctive number or letter on said diagram; and
- d) A proposed assessment of the total amount of the estimated costs and expenses of the proposed new improvements, including the maintenance or servicing, or both, thereof, and of any existing improvements upon the several lots or parcels of land in said district in proportion to the estimated benefits to be received by such lots or parcels of land respectively from said improvements, including the maintenance or servicing, or both, thereof, and of the expenses incidental thereto.
