SUBJECT: Park & Recreation Staff Appreciation Luncheon

RECOMMENDATION

Discuss and receive report

BACKGROUND

The PRMCC annually meets with Park and Recreation staff to thank them for their efforts and discuss key issues surrounding park maintenance and recreation programming. This year the City does not have any money in the budget for food or staff time to put on this luncheon. The PRMCC should consider if they wish to continue the event. Should you wish to continue the event, then discuss how they wish to coordinate and execute the luncheon.
