FROM: Tim Tucker, City Engineer  
SUBJECT: Rankin Park Picnic Tables

**ACTION**

Accept staff report.

**BACKGROUND**

Staff has received several requests for new tables equipped with umbrella holes to be installed at Rankin Park. Consideration was given to moving some of the tables from Rankin Park to the Waterfront Pavilion area, which is shaded and replace them with tables with umbrella holes. In lieu of moving the tables it was determined that it is more cost effective to have staff core drill holes in the existing tables. Park staff maintenance has contacted the table manufacturer to confirm this will not affect the structural integrity of the tables. The umbrella holes will be drilled in the tables prior to the next picnic season. Additionally, the umbrella hole option will be considered on future table purchases.
